

## STOPHOUSE

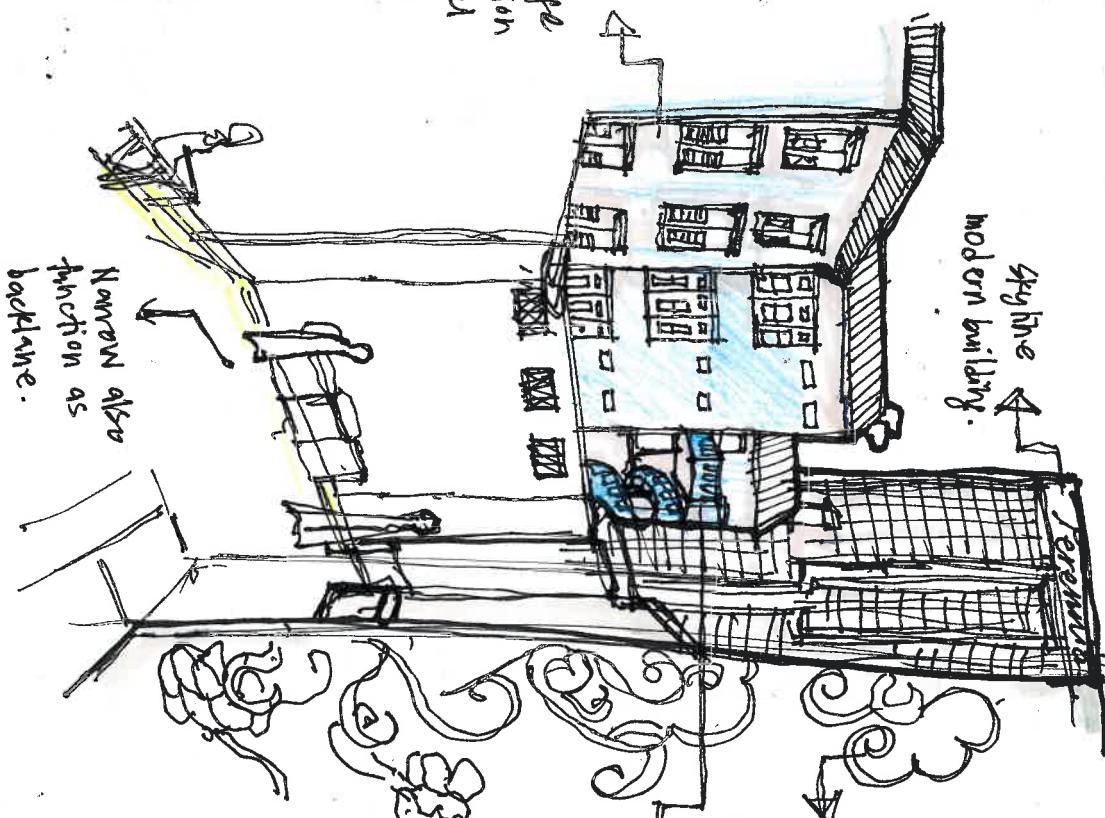

Plaster  
white textured  
element in  
classical archi  
-give the appearance  
of the supporting  
column.

Architecture form:  
Street architecture of Chinatown  
buildings = Baroque archi + Victorian archi  
= Were built in the style of  
variety of colors  
of painted ladies → American archi  
terms used for  
(pastel more dominant) Victorian & Edwardian  
house PAINTED IN  
3 / ↑ colors that  
imigrants (Chinese  
Chinatown +  
Typanakan +  
China-boro)  
• Permeability • Variety • Legibility • Robustness • Visual appropriateness • Richness • Personalization

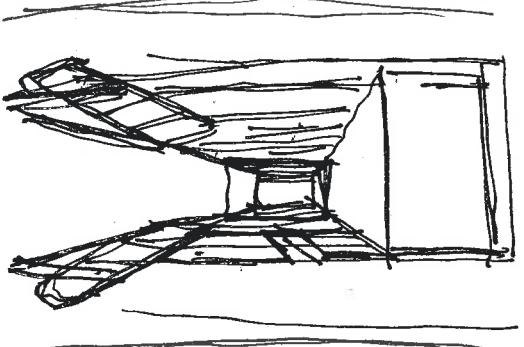

skyline  
modern building.

Built  
Heritage  
function  
as hotel

Nice feature/  
step become  
landmark  
+ vibrant  
colour of  
building.

change of levels.
